Departments and Instructors find students' written comments the most valuable element of course evaluations. Your evaluations are anonymous and not available until grades are posted.

Your feedback is important and matters. To help faculty get the most out of your feedback, please keep the following in mind:

*Specific constructive suggestions that focus on your learning and instructional choices are central to your feedback. Offer examples when needed – both positive and negative.

*Remember that you are writing to your instructor. When providing constructive feedback, be professional and respectful. Do not use offensive language or labels.

*Comments that are not related to your learning diminish the value of your feedback. For example, it is not helpful to comment upon an instructor's appearance or to include personal insults in your feedback.

Please compare this teaching assistant with others who have been your T.A. for courses taken at UCI. If a question does not apply to this course, choose the "0" or "Not Applicable" answer. All answers are anonymous.
