B. Please answer:

Question #10 • Text Response • 1 response (25%)
What are the TA's strengths?

Results:

- He made it easy to ask him questions and was very clear during discussions. He explained topics in detail and did his best to prepare students, who showed up to his discussions, for exams. He knows what he's talking about, so overall a huge, huge help.

Question #11 • Text Response • 0 responses (0%)
How can this TA improve?

Question #12 • Text Response • 1 response (25%)
Any other comments about this TA?

Results:

- I was hesitant to attend the first few discussions, because he looked really bored in the recordings and I assumed he wouldn't be eager to help. This, however, was not the case at all. After I began to attend his discussion sections, I could see the only reason he came off that way was because hardly anyone actually showed up and those who did were difficult to interact with. Many refused to speak at all during breakout rooms even after Alex made several attempts to encourage engagement. I don't think the lack of attendance had much to do with Alex at all.
